I took this test recently. From what I understand, it is the same test Epic requires anyone applying for a job to take. It is broken up into three parts: Communication, Mathematics, and Programming. The communication section is like your basic SAT/GRE style word problems, associations, and reading comprehension questions.

**Epic Certification Training: Four Common Questions**

They say we all have a hero locked inside us, so it's no surprise that we all love tales of heroism and adventure. In some cases the level of heroism is raised so much that it becomes something bigger, something that takes on a national, cultural or even religious significance - that's when something can truly be said to be epic!

Rapid response. The processing time is 3 days. A 45-minute phone interview and a 3 - 4 hours online assessment test. The phone interview was about questions about projects in resume and one technical problem. Then the interviews introduced benefits to work in Epic. Similar to others, online test has four parts.

**Epic Interview Questions | Glassdoor**

The test was programming, math, English and logic. It wasn't terribly difficult, but should be taken more seriously than I did. You can look up many of the test questions online before taking the test and you should be just fine. They also have you take a personality test. Answer based on team building, self awareness and leadership. Interview ...
