A service-level agreement (SLA) is a commitment between a service provider and a client. Particular aspects of the service - quality, availability, responsibilities - are agreed between the service provider and the service user. The most common component of SLA is that the services should be provided to the customer as agreed upon in the contract.

Why we chose it Excellent customer service. AT&T consistently tops the charts for how it interacts with its customers: The company won J.D. Power's U.S. Residential Internet Service Provider Satisfaction Study award for the North Central region in 2016 and 2017. More impressively, it was the only provider to score a rating of five out of five in all categories: overall satisfaction ...
