Multiple choice questions are fundamental survey questions which provides respondents with multiple answer options. Primarily, multiple choice questions can have single select or multi select answer options. These are the most fundamental questions of a survey or questionnaire where the respondents are expected to select one or more than one option from the multiple choice question options.

Multiple Choice Questions : With Types and Examples

Because students can typically answer a multiple choice item much more quickly than an essay question, tests based on multiple choice items can typically focus on a relatively broad representation of course material, thus increasing the validity of the assessment.
