

## *Parallel Lines And Transversals Project Answer Key*

### **Parallel Lines And Transversals Project**

PARALLEL LINES, TRANSVERSALS, AND ANGLES This project will help you to demonstrate your knowledge of parallel lines, transversals and the angles that are created by them. This will count as a quiz grade. You will be designing a city map using the guidelines listed below.

### **PARALLEL LINES, TRANSVERSALS, AND ANGLES**

PARALLEL LINES, TRANSVERSALS, AND ANGLES. This project will help you to demonstrate your knowledge of parallel lines, transversals and the angles that are created by them. This will count as a quiz grade. You will be designing a . city map. using the guidelines listed below. Your map must be drawn on . construction paper. or . poster board. Use ...

### **Parallel Lines and Transversals Project**

Parallel Lines . And . Transversals . Project. Due : October 4, 2011. Directions: You will be designing a city map using the guidelines listed below. You will be graded on . content, creativity, and neatness. Suggested paper size 14" x 17" white paper. Guidelines: Your city must have three streets that are parallel

### **Parallel Lines and Transversals Project - Weebly**

This EXTRA CREDIT project will help you to demonstrate your knowledge of parallel lines, transversals and the angles that are created by them. You can work alone or in groups of either 2 or 3 people. All group members do not have to be from the same class. This will count as a project grade.

### **Parallel Lines and Transversals Project**

Parallel Lines Cut By a Transversal . I. UNIT OVERVIEW & PURPOSE: The goal of this unit is for students to understand the angles and the properties related to parallel lines. Students will learn multiple methods for verifying that lines are parallel. They will also understand the relationship of parallel lines to transversal lines.

LESSON 20: Optional Parallel Lines Unit Project Day 1 of 2 LESSON 21: Optional Parallel Lines Unit Project Day 2 of 2 LESSON 22: Transformations Unit Exam ... about the angles created when parallel lines are cut by a transversal, and the angle-angle criterion for similarity of triangles. For example, arrange three copies of the same triangle so ...

### **Optional Parallel Lines Unit Project Day 1 of 2 - BetterLesson**

I typically give the class about a week to take photos. Then, the My Little Transversal Project usually takes about two class sessions. The goal is to get them excited about the notion of using photography in math class. I love this project because students are always shocked at how easy it

is to find parallel lines and transversals.

### **My Little Transversal: A multi-day project lesson**

Geometry Project: Parallel Lines Cut by a Transversal City Designer You are to design your own city. Your city will have a name and population which must be placed at the top of your project. Your city must have the following and be mathematically accurate to receive full credit. Remember to be as creative as possible.
