Use the Distributive Property to write an expression that represents the pool in expanded form. (1pt) b. Use the Distributive Property to write an expression that represents the pool in factored ...

Say It With Symbols Unit Test Review - Issaquah Connect

Dear Family, The next unit in mathematics class, Say It With Symbols: Making Sense of Symbols, explores the topic that beginning algebra used to focus on almost exclusively: the use of symbols. When you first began studying algebra, you probably spent most of your time learning to manipulate symbols.

Dear Family, Symbols UNIT GOALS HELPING WITH HOMEWORK

Equivalent representations continues to be a theme, but the need for equivalent symbolic expressions becomes more prominent in Frogs, Fleas and Painted Cubes and becomes the central focus in Say It With Symbols. Functions continued to be part of the exploration in this unit as most of the equivalent expressions students generate represent ...

One of the goals of Connected Mathematics is to assist children in figuring out as much as they can for themselves. You can help by asking questions that guide, without telling what to do or giving away answers. Good questions and good listening will help children make sense of mathematics, build self-confidence, and encourage mathematical thinking and communication.
